Year 6 Curriculum Digest
September 2016

English

The areas that we will be covering this half term are:

- Dystopian stories
- Diary entries
- Developing vocabulary/ Grammar skills

Maths

The areas that we will be covering this half term are:

- ◊ Learn by Heart Facts (consolidation)
- ◊ Place value
- ◊ Multiplying by 10, 100 and 1000
- ◊ Four number operations

Creative Curriculum & Science Theme:

Could a Utopia ever exist?

In our topic we will focus largely on Suzanne Collin's novel 'The Hunger Games' as well as other dystopian novels and movies. We will learn about various industries linked to the novel such as farming, mining and technology.

Living Things and Habitats

In science we are looking at classifying living things and exploring different habitats around the world.

Ways to help your child

- ◊ Read with them for at least 20 minutes each night.
- ◊ Practise times tables and division facts for 20 minutes every night.
- ◊ Encourage your child to use the school website when revising.
- ◊ Assist your child with their weekly spelling and maths homework.
- ◊ Every Friday your child will take home a completed Arithmetic test; help your child work through the questions they struggled on. This is crucial for their success within Maths.

Activity

Research about the author of the Hunger Games; Suzanne Collins.
Create a biography all about her interesting life.
