

Activities 3

Can you find things that float and sink in your house? (Lids, stones, sponges, plastic pots etc)

Supports understanding of the world.

Can you help bake? We made easy flapjack - <https://holwoodfarm.co.uk/recipes/holwood-jacks-flapjacks/>

Supports following instructions and health and self-care.

Can you trap toys in ice and find ways to melt it?

We froze parts of flowers and used warm water and calpol syringes to melt the ice.

Supports understanding of the world and problem solving.

Can you mark make in different ways?

We used flour on a baking tray to draw in but sugar and rice would work too. Maybe you could practise your name.

Supports writing and physical development.

Can you make an obstacle course using things from your house? You could count how many jumps or steps you do.

Supports physical development and early maths.

Can you make music and put on a show? Can you keep a beat?

Supports speaking, listening and being imaginative.
