

Home Learning. Topic: Growing

Can you find the tallest person in your family?
Stand next to the people in your family to find out who has grown the most?
Can you put your family members in order from the shortest to the tallest?

Have a look at a photograph of when you were a baby. Now look in the mirror. How have you changed?
What can you do now that you couldn't do when you were a baby?

Choose any stick like object in your home, pretend it is a magic wand. Wave your wand and turn your family members into a baby, a child, an adult or a grandparent.
Your family members must now act like a baby, a child, an adult or a grandparent.

Can you sort the laundry?
Can you organise it into piles for each family member?
Whose clothes are the biggest?
Can you put the clothes in size order?

To grow healthy and strong you need to eat lots of healthy food.
Can you make a healthy food poster so your family members know what will be good for them to eat?
Make sure you include lots of fruit and vegetables.
Can you label the fruit and veg?
Use your colouring pencils to colour in your pictures.

Can you talk to your family about how we help plants grow?
Can you talk about how you plant and look after a seed?
Can you draw a picture of a sunflower, what do you need to do to make sure it grows nice and tall?
Make sure you colour in your picture to make it nice and bright.
