

Money art

Create money rubbings with paper and crayons: First, rub the coins with crayons, next match the rubbings to the coins. Then write the value and name next to each coin:

Coin Caterpillars

Collect some coins from an adult (please ask before taking) and create caterpillars with them. Write the amount under each coin and add up the total. What is the smallest caterpillar you can make? What is the largest caterpillar you can make?

Use the links below to have a go at some fun games linked to money:

Year 2 Learn by heart of the week: Money

Play shop

Collect items from around your house and label them with a price tag. Take your item to the 'checkout' and add up how much your shopping comes to. Can you find the correct coins to pay for your items?

Penny boat

Use some aluminium foil to make a simple boat. How many pennies can you put inside your boat before it sinks?

Can you improve your boat? Could you use a different material?

Can you use different coins? How much did the boat hold before it sank?
