Super Scientist

Have a go at re-growing your own celery, spring onions or lettuce. Have a look at this blog post to find out how

<https://funningupmylife.co.uk/re-growing-scraps>

(there is a message for you on the post)

Draw pictures of your vegetables as they grow so you can see the changes.

Ancient Greeks Creative Challenge

Have a go at designing your own Greek Vase like these ones. Have a look online for some ideas of patterns and shapes.

Our last topic was about rocks, can you remember it?

Your challenge is to go to Lister Park and find the Flower Garden where there are signs telling you all about metamorphic, igneous and sedimentary rocks. Use the information to create a poster or non-fiction report all about rocks. If you can't get to the park, have a look on the internet instead.

Whilst you are there look for a message chalked on the path near the top of the Flower Garden. Take some chalk with you and draw a picture of yourself so we can see how many children have been! You could even ask an adult to tweet us a picture @MMPS_Bradford.

Top report tips!

Don't forget to include must haves (capital letters, full stops, adjectives)

- Heading
- Subheading
- Real information
- Diagrams
