Colour in the 8 times tables.

Use a different colour for the 4 times table and a different one for the 2 times tables.

Use the 100 square or make your own:

How many numbers in the eight times table can you find?

Write down the 4x and the 2x tables, what do you notice?

Write the division facts for the 8x tables.

Challenges

Write out some word problems involving the 8x tables. Can you challenge someone in your family?

Now write some using the division calculations.

Are they a challenge?

Get creative!

Create your own multiplication wheels, time people in your family to complete them.

Now create a division wheel and challenge your family.
