What Would a Journey Through Your Body Be Like?

We only have one body and it is very precious! We must take good care of it. One of the most important ways we can do to help keep our bodies functioning properly is through the food we eat and the drinks we drink.

Your task is to keep a FOOD AND DRINK DIARY for a week. It is up to you how you set it out and record it, but make sure you write down EVERYTHING you eat and drink, including the snacks!

What do you notice about your food intake?

Is there anything you eat/drink MORE of? LESS of? Why?

Challenge: What else must we do to keep our bodies healthy and functioning properly?
